

# NULISAqpcr™ Custom Assay Development

## Harness the Sensitivity of NULISA™ for Custom Biomarker Assays

The NULISAqpcr™ Custom Assay Development Kit provides researchers with a flexible solution for creating targeted biomarker assays with high sensitivity and precision. Ideal for applications requiring highly specific and reproducible data, this customizable kit allows scientists to use their own antibodies to create assays tailored to their individual research.

Whether exploring breakthroughs in immunology, neurology, or other fields, this custom assay development kit provides a seamless workflow and superior performance, redefining standards for single-plex assays development.

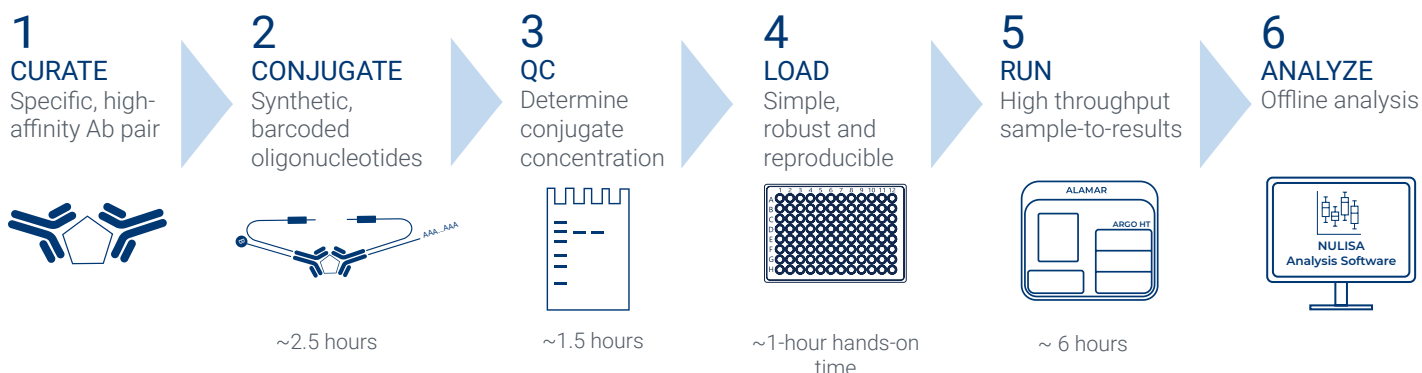

- **Unmatched Sensitivity:**  
Detect ultra-low abundant targets with attomolar (fg/mL) precision
- **Minimal Input Required:**  
Cost effective with only 100 µg antibody input per reaction
- **Multi-Target Detection:**  
Flexibility to conjugate up to 4 pairs of antibodies
- **Expert Assay Development Support:**  
Comprehensive guidance from initial design to final implementation

## Fully customizable, high-sensitivity proteomics

Create a unique NULISAqpcr™ assay in 6 steps

### NULISAqpcr™ Custom Assay Development Workflow

Read and cite the latest NULISA publication in *Nature Communications*.

## Ordering information

### NULISAqpcr Conjugation Kit and Individual Reagents

Product Name	Qty	Notes	Catalog Number
NULISAqpcr Antibody Conjugation Kit	1		800156
NULISAqpcr Capture Antibody Pack	1	Available individually	801271
NULISAqpcr Detection Antibody Pack	1	Available individually	801272
Conjugation Control IL4 Capture Antibody	1	Available individually	801292
Conjugation Control IL4 Detection Antibody	1	Available individually	801293

### NULISAqpcr Assay Development Kit and Individual Reagents

Product Name	Qty	Notes	Catalog Number
NULISAqpcr Assay Development Kit	1		801350
Assay Base Pack	1	Available individually	801351
Assay Control Pack	1	Available individually	801360
4x Assay Buffer 1 (AB1)	25ml	Available individually	801355

### NULISAqpcr Detection Pack

Product Name	Qty	Catalog Number
NULISAqpcr Detection Pack	1	800157

### Instrument

Product Name	Qty	Catalog Number
ARGO™ HT System	1	800101

### Consumables & Buffers

Product Name	Qty	Catalog Number
NULISA Wash Buffer (3L)	3L	801035
